SUBJECT INDEX

Abuse
  sibling, 51-54
Adolescent(s)
  African American teen mothers' perceptions of parenting, 13-20
  child-grandmother attachment in teen mothering, 228-237
  ethnic differences in health status perceived by, 223-227
  memories of growing up with cystic fibrosis, 3-12
  National Campaign to Prevent Teen Pregnancy, 120-121
  nurses' role in prevention of teen pregnancy, 186-187
Advanced practice nursing
  changing role in United Kingdom, 128
African American(s)
  ethnic differences in adolescents' perceived health status, 223-227
  families with chronically ill children, 292-300
  teen mothers' perceptions of parenting, 13-20
Ambulatory surgery
  inadequate pain management in children at home after tonsillectomy, 178-185
Anxiety
  in parents of hospitalized 5- to 11-year-olds, 110-119
Arthritis, juvenile
  nursing perspective, 100-109
Assessment, of pain in infants
  effect of length of pediatric nursing experience on, 155-168
  modes of, 32-50
    clinical, 33-42
    deductive, 36-39
    inductive, 42-44
    knowing the baby, 46
    testing, 44
Attachment
  between grandmothers and children of adolescent mothers, 228-237
Audiology
  screening school-age children, 307-310
Author(s)
  answers to questions frequently asked by, 263-264

Burden, caregiver
psychometric assessment of in Taiwan, 352-362

Cancer, childhood
family strategies for managing, 278-287
parents' views on home community care, 133-141
tag team parenting of children with, 331-341
Cardiovascular disease
risk factors for, in children with type I diabetes, 265-272, 318-322
Care plan(s)
for glycogen storage disease, 246-248
Caregiver(s)
functional status of, with child in body cast, 142-147
psychometric assessment of burden of in Taiwan, 352-362
Cast, body
functional status of caregiver of child in, 142-147
Cerebral palsy
multiple meanings of long-term gastrostomy, 89-99
Child development center(s)
health promotion and injury prevention in, 148-154
Child health policy
cultural competence, 260-262
fellowships for pediatric nurses, 367-369
health insurance for poor children, 301-302
National Campaign to Prevent Teen Pregnancy, 120-121
nurses' role in prevention of teen pregnancy, 186-187
welfare reform, 55-56
Childhood cancer, *see* Cancer
Chronic illness
adolescents' memories of cystic fibrosis, 3-12
African-American families with children with, 292-300
juvenile arthritis, 100-109
multiple meanings of long-term gastrostomy, 89-99
nurses' perceptions of family-centered care for, 214-222
Community, home
parents' views on cancer care in, 133-141
Community-based nursing
coordinated systems for, 288-291
fostering resilience in children, 21-31
pediatric experiences for baccalaureate students, 85-88
drug store experience, 86-87
elementary school, 87-88
home visits, 85-86
special Olympics physical examinations, 87
Companion animal(s)
effects of presence of during physical examination, 323-330
Competence, cultural
in child health policy, 260-262
Coping
parental, in NICU and PICU, 169-177
Creativity
teaching developmental concepts to nursing students, 364-366
Cultural competence
in child health policy, 260-262
Cultural differences
African American families with chronically ill children, 292-300
assessment of caregiver burden in Taiwan, 352-362
under-represented in nursing research *(letter)*, 130
Cystic fibrosis
adolescents' memories of growing up with, 3-12

Day care center(s)
health promotion and injury prevention in, 148-154
Death
caring for other patients' families after a child dies in PICU, 273-277
Delphi study
determining research priorities, 201-207
Diabetes
risk factors for cardiovascular disease in type I, 265-272, 318-322
sibling relationships of Japanese children with, 311-316
Disability
conveying positive expectations for children with, 199-200
multiple meanings of long-term gastrostomy, 89-99
Discharge planning
for child with new tracheotomy, 191-192

Distress, behavioral
effect of presence of companion animals on during physical examination, 323-330
Domestic violence
sibling abuse as component of, 51-54
Drug store(s)
learning experience for nursing students, 86-87

Education, nursing
community-based pediatric experiences, 85-88
drug store experience, 87-88
elementary school, 87-88
home visits, 85-86
special Olympics physical examinations, 87
discharge planning after new tracheotomy, 191-192
fellowships for pediatric nurses, 367-369
gap between learning and doing, 65-66
interdisciplinary, 1-2
preparing children for same-day surgery, 257-259
using film and creative writing to teach developmental concepts, 364-366
Education, of parents
using publications to prevent childhood injury *(letter)*, 63
Elementary school(s)
learning experiences for nursing students at, 87-88
see also School-age children
Enuresis, childhood
Orem's self-care model for home visits in Turkey, 193-197
Equipment
audiology screenings, 307-310
Multidex gel for wound care, 125
Ethnic minorities
differences in adolescents' perceived health status, 223-227
under-representation in nursing research *(letter)*, 130
Expectations
for children with disease or disability, 199-200

Failure to thrive
nonorganic, 342-347
Family(ies), of pediatric patient(s)
caring for other patients' families when a child dies in PICU, 273-277
strategies for managing childhood cancer, 278-287
transition through termination of private duty home care nursing, 74-84
Family-centered care
nurses' practices and perceptions of, 214-222
Fellowship(s)
for pediatric nurses, 367-369
Film
use in teaching developmental concepts to nursing students, 364-366
Functional status
of caregiver of child in body cast, 142-147

Gastrostomy
multiple meanings of long-term, 89-99
Genetic disease(s)
glycogen storage disease, 238-249
Glycogen storage disease
guide to nursing care, 238-249
Grandmother(s)
attachment to child of adolescent mother, 228-237

Health
childrens' resilience and, 21-31
Health care reform
coordinated systems of community-based health care, 288-291
in United Kingdom, 58-62
developing nursing role to meet future needs, 126-129
Health insurance
for poor children, 301-302
Health promotion
and injury prevention in child development center, 148-154
Health status
ethnic differences in adolescents' perceived, 223-227
Hearing impairment
audiology screening for school-age children, 307-310
Home care nursing
by nursing students, 85-86
family transition through termination of private duty, 74-84
Home community
parents' views on cancer care in, 133-141
Home nursing visits
in Turkey, for childhood enuresis, 193-197
Hospitalization
anxiety responses of parents of 5- to 11-year-olds, 110-119
parents' views on home community cancer care versus tertiary center, 133-141

Hospitalization (*Continued*)
preoperative preparation programs, 252-255
Hypertension
cardiovascular risk factor in children with type I diabetes, 269-270

Illness, chronic, *see* Chronic illness
Infant(s)
length of pediatric nursing experience and pain assessment in, 155-168
modes of pain assessment in, 32-50
nonorganic failure to thrive, 342-347
Injury prevention
and health promotion in child development center, 148-154
Injury, childhood
using parent education materials to prevent *(letter)*, 63
Insurance, health
for poor children, 301-302
Interdisciplinary practice, 1-2
International pediatric nursing
challenge of change, in United Kingdom, 58-62
changing nursing role to meet needs in United Kingdom, 126-129
home visits for childhood enuresis in Turkey, 193-197
preoperative preparation programs for children in Israel, 252-255
psychometric assessment of caregiver burden in Taiwan, 352-362
sibling relationships of Japanese children with diabetes, 311-316
Invasive procedures
preoperative preparation of children for, 252-255
Israel
preoperative preparation programs for children, 252-255

Japan
sibling relationships of children with diabetes, 311-316
Juvenile arthritis
nursing perspective, 100-109

Latino American(s)
ethnic differences in adolescents' perceived health status, 223-227

Metabolic disorder(s)
glycogen storage disease, 238-249
Minorities
under-representation in nursing research *(letter)*, 130
Morbidity
in children at home after tonsillectomy, 178-185
Mother(s)
African American teen, perceptions of parenting, 13-20
child-grandmother attachment in adolescent mothering, 228-237
parenting attitudes of low-income single, 67-73
role in nonorganic failure to thrive, 342-347
Multidex gel
for wound care, 125
Mutuality
in nurse-patient/parent relationship, 208-213

National Campaign to Prevent Teen Pregnancy, 120-123
Neonatal intensive care unit (NICU)
parent stress and coping in, 169-177
Neonatal nurse practitioner
changing role in United Kingdom, 128-129
NICU, see Neonatal intensive care unit
Nonorganic failure to thrive
theoretical approach, 342-347
Nurse practitioner(s)
neonatal, changing role in United Kingdom, 128-129
Nurse(s), pediatric
fellowships for, 367-369
modes of pain assessment in infants by, 32-50
mutuality in relationship with patients/parents, 208-213
practices and perceptions of family-centered care, 214-222
role in prevention of teen pregnancy, 186-187
standards of practice for, 317
Nurse-parent relationship
mutuality in, 208-213
Nurse-patient relationship
mutuality in, 208-213
Nursing, pediatric
changes to meet future health care needs in United Kingdom, 126-129
determining research priorities in, 201-207
effect of length of experience on infant pain assessment, 155-168

Obesity
cardiovascular risk factor in children with type I diabetes, 270-271

Orem's self-care practice model
applied to home visits in Turkey for enuresis, 193-197
Organizational politics
preparing nursing students to deal with, 65-66
Outpatient surgery
inadequate pain management in children at home after tonsillectomy, 178-185

Pain assessment
in infants, and length of pediatric nursing experience, 155-168
modes of, in infants, 32-50
clinical, 39-42
deductive, 36-39
inductive, 42-44
knowing the baby, 46
testing, 44-46
Pain management
inadequate, in children at home after tonsillectomy, 178-185
Parent education
using publications to prevent childhood injury *(letter)*, 63
Parent(s)
anxiety responses of, hospitalization of 5- to 11-year-old children and, 110-119
functional status of, with child in body cast, 142-147
mutuality in relationship with nurses, 208-213
nurses' perceptions of family-centered care, 214-222
stress and coping in NICU and PICU, 169-177
views on home community cancer care, 133-141
Parenting
African American teen mothers' perceptions of, 13-20
attitudes of low-income single mothers with young children, 67-73
child-grandmother attachment in adolescent mothering, 228-237
tag team, of children with cancer, 331-341
Parenting programs
for adolescents
for African American teen mothers, 13-20
fostering resilience, 26
Patient(s)
mutuality in nurses' relationship with, 208-213
Pediatric intensive care unit (PICU)
caring for other patients' families when a child dies in, 273-277
parent stress and coping in, 169-177
Pet(s)
effects of presence of during physical examination, 323-330
Pharmacy
learning experience for nursing students at, 86-87
Physical examination
effects of presence of companion animals during, 323-330
PICU, *see* Pediatric intensive care unit
Policy, *see* Child health policy
Political issues
organizational, preparing nursing students for, 65-66
Postoperative pain
and morbidity in children at home after tonsillectomy, 178-185
Poverty
health insurance for poor children, 301-302
parenting attitudes of low-income single mothers, 67-73
Pregnancy
National Campaign to Prevent Teen Pregnancy, 120-121
nurses' role in prevention of teen, 186-187
Preoperative preparation
preparing children for same-day surgery, 257-259
program for children, 252-255
Preparation, preoperative
for same-day surgery, 257-259
program for children, 252-255
Preschool-age children
parenting attitudes of low-income single mothers with, 67-73
presence of companion animal during physical examination, 323-330
Presence, nursing
mutuality as expression of, 208-213
Prevention
National Campaign to Prevent Teen Pregnancy, 120-121
of injuries in child development center, 148-154
Private duty home care
family transition through termination of, 74-84
Publications
for parents, on preventing childhood injury *(letter)*, 63
Publishing
answers to authors' questions about, 263-264

Research, nursing
determining research priorities, 201-207
on fostering resilience in children, 27-28

Resilience
fostering in children, 21-31

School-age children
anxiety responses of parents of hospitalized, 110-119
audiometry screening for, 307-310
fostering resilience in, 21-31
Schools
support programs to foster resilience, 26
Screening
audiology, for school-age children, 307-310
Sibling abuse
as component of domestic violence assessment, 51-54
Sibling(s)
relationships of Japanese children with diabetes, 311-316
Single parent(s)
parenting attitudes of low-income mothers of young children, 67-73
Special Olympics
learning experiences for nursing students at, 87
Standards, of practice
for pediatric nurses, 317
Stress
parental, and coping in NICU and PICU, 169-177
Student(s), nursing
community-based pediatric experiences for, 85-88
gap between learning and doing, 65-66
using film and creative writing to teach developmental concepts to, 364-366
Surgery
preoperative preparation programs for children, 252-255
preparing children for same-day, 257-259

Taiwan
psychometric assessment of caregiver burden in, 352-362
Teenager(s), *see* Adolescent(s)
Tertiary center(s)
parents' views of home community cancer care versus, 133-141
Tonsillectomy
pain management and morbidity in children at home after, 178-185
Tracheotomy
discharge planning for child with new, 191-192
Turkey
home visits for childhood enuresis in, 193-197

United Kingdom
challenge of health care reforms in, 58-62
changing nursing role to meet future needs in, 126-129

Violence
sibling abuse as component of domestic, 51-54

Welfare reform
and cycle of dependency, 55-56
Wound care
Multidex gel, 125
Writing, creative
to teach developmental concepts to nursing students, 364-366
